

PROGRAM “FASCIAL MANIPULATION COURSE ®” Level 1A ON-LINE

Welcome	Prof Antonio Stecco
STUDY ROOM: ANATOMY	
Introduction	Prof Antonio Stecco
Fascial anatomy: The superficial fascia	Prof Carla Stecco
Muscular fascia: gross anatomy	Prof Carla Stecco
The deep fascia: microscopic anatomy	Prof Carla Stecco
Anatomy of fasciae: the epimysial fascia	Prof Carla Stecco
Deep fascial Innervation	Prof Carla Stecco
<i>20 multiple choice questions</i>	
STUDY ROOM: BASIC SCIENCE	
Physiology of the fascia	Prof Antonio Stecco
Biomechanical model in Fascial Manipulation®	Prof Antonio Stecco
Fascial Manipulation® assessment chart	Prof Antonio Stecco
Basic logics in Fascial Manipulation®	Prof Antonio Stecco
Fascial Manipulation® case report	Prof Antonio Stecco
<i>20 multiple choice questions</i>	
STUDY ROOM: CLINICAL SCIENCE	
Sequence of Antemotion: localization Center of Coordination an perception with motor units involved	Prof Carla Stecco Prof Antonio Stecco
Sequence of Antemotion: palpation and treatment positions	Prof Antonio Stecco
Sequence of Retromotion: localization Center of Coordination an perception with motor units involved	Prof Carla Stecco Prof Antonio Stecco
Sequence of Retromotion: palpation and treatment positions	Prof Antonio Stecco
Sequence of Lateromotion: localization Center of Coordination an perception with motor units involved	Prof Carla Stecco Prof Antonio Stecco
Sequence of Lateromotion: palpation and treatment positions	Prof Antonio Stecco
Sequence of Mediomotion: localization Center of Coordination an perception with motor units involved	Prof Carla Stecco Prof Antonio Stecco
Sequence of Mediomotion: palpation and treatment positions	Prof Antonio Stecco
Sequence of Extramotion: localization Center of Coordination an perception with motor units involved	Prof Carla Stecco Prof Antonio Stecco
Sequence of Extramotion: palpation and treatment positions	Prof Antonio Stecco
Sequence of Intramotion: localization Center of Coordination an perception with motor units involved	Prof Carla Stecco Prof Antonio Stecco
Sequence of Intramotion: palpation and treatment positions	Prof Antonio Stecco
Movement verifications of all the body segments	Prof Antonio Stecco
<i>20 multiple choice questions</i>
